Insurance Approved For Sheriff's Dept.

Hancock County sheriff Sylvan Ladner and his deputies will have 100 percent liability coverage on a 24-hour basis under a blanket insurance policy accepted by the county board of supervisors Monday.

Mrs. Margaret Shadoin explained the blanket accident proposal compiled by Hancock Insurance Agency following interpretation by the attorney general of recently passed state legislation.

Sheriff Ladner has been asking the board of supervisors since he assumed office for some kind of accident and hospitalization coverage for his men, as he said their work is particularly hazardous. Until now, the board has failed to assume the expenditure for such coverage.

The legislation states that the sheriff's department annual budget should include amounts for "insurance providing protection for the sheriff and his deputies in case of disability, death and other similar coverage."

Under the proposal submitted Monday, the sheriff and 12 full-time deputies will be covered round the clock for life and specific loss, blanket medical accident and a weekly indemnity clause provides up to 52 weeks of salary compensation from any one accident. Total annual premium will cost the county \$1,084, which the sheriff said was considerably less than he had expected.

The plan was accepted by motion of the board.

In an unrelated matter, Dr. John Levens, Port and Harbor Commission president, asked approval of the board for Commissioner Wilson Webre to serve as acting P&H director until a permanent director could be found. Webre will fill the position following Dr. Michael Smith's termination of duties, effective Oct. 31. The commission's primary effort before considering applications for the job, Levens said, will be to compile a comprehensive job description to be used as a guideline in seeking a new director and the commission's hope was that the county board would assist in formulation of the guidelines.

Levens also told the board that he had suggested to Dr. Smith that he submit two or three proposals for remunerative compensation to be available to the commission on a consulting basis until the director's position was filled.

Beat one supervisor Jerry Ladner voiced an objection to any future compensations to Dr. Smith but said he was agreeable to Webre's appointment

on an interim basis. Board attorney Sam Favre said that Webre could not receive a salary as acting director but could be reimbursed for any expenses incurred.

Board President A. A. (Dolph) Keller asked Levens for a formal resolution from the commission appointing Webre acting director and Levens promised to return with the instrument at the next meeting.

In other business the board: — passed a motion to pay the district attorney's office a requested \$3,000 to defray office and operating expenses. — heard a report from Norton Haas, Sr., that the Pearl River Basin Assn. (Continued on Page 12-A)

Sewer Plant Bids Held

The Hancock County School Board took under advisement three bids Tuesday covering proposals for installation of a sewage treatment facility at Hancock North Central School.

The board received bids of \$48,500 from Weaver & Sons, Inc. of Gulfport, \$38,000 from Terry Feeney, a Waveland contractor, and \$38,319 from a Morgan Construction Co. of Biloxi. A fourth bid from Empire Enterprises of Jackson was returned unopened by the board because there was no privilege tax number on the outside of the envelope.

Board attorney Joseph Gex said that the law required the tax number on the outside of the envelope before the board could open the bid.

In other business, the board bypassed discussion of the proposed high school for Gulfview Elementary in Clarksburg Harbor in the absence of architect Fred Wagner, who had planned to meet with the board.

Mr. E.E. Breland, assistant county school superintendent told the board that two representatives of the State Department of Education in Jackson would be present at the next board meeting on Nov. 6 to go over with the board plans for the new high school.

The board took action on hiring a new teacher for Hancock North Central School. The board accepted a motion by Breland to hire Mrs. Wilda McNatt as a science and biology teacher.

The board also passed tentative approval for the hiring of a new special education teacher for Clermont Harbor School, subject to the applicant's completion of her degree requirements and certification.

NEW GROUND—Standing before a crowd of more than 100 well wishers and supporters who showed up for dedication ceremonies of "Our Shopping Center," Waveland mayor pro tempore John Longo (center), Joseph Gex (left) and Delmar Wilcox, tell of the progress the development has made.

Collection Stymied Council Hits Garbage Fee Snag

by Dan Barber
Echo Staff writer
The Bay St. Louis city council ran into a temporary snag this week over plans to implement a monthly garbage fee.

Utility commissioner Lucien Kidd said that problems had arisen because of the antiquated machine that is now used for utility billings each month. Kidd said that plans to include the \$1.50 fee on customer's utility bills wasn't working out because of the limitations of their present equipment.

The Burroughs machine currently used by the utility commission is eight years old, Kidd said, and doesn't have the capability to accommodate the garbage fee listing too.

Kidd said that representatives of Burrough Corporation had been in his office examining the machine to determine what, if any, modifications could be made.

"If that happens," he said, "it means that they will have to carry it off. Because they sure can't work on it here in the office, and I can't afford to be

without that machine even one day."

Kidd said that he didn't know what they were going to do. "The system we have now is just not that efficient," he stated.

Kidd said he would like to see just one bill a year sent out for the garbage fee.

"Then," he said, "we could just let people come in and pay for the thing however they wanted—quarterly, monthly or whatever."

The council met informally Tuesday to discuss the problem. Kidd asked what would prevent someone from paying only his gas and water bill and not paying the garbage collection fee.

"Turn their utilities off," said councilman Clarence Ladner.

"I don't see any way I can do that," Kidd said. "If a man comes in to me and wants to pay his utility bill, then I

Bay Shows Planned Use For Revenue Sharing

Planned and actual use reports for federal revenue sharing funds released by the Bay St. Louis city council this week showed that the city received \$124,523 between Jan. 1, and June 30, 1973 and expects to receive another \$132,091 during the rest of this year and first half of 1974.

Mayor Warren Carver said that the city had actually received \$150,981 of the total \$258,614 in revenue sharing funds to date. Carver estimated that the city would receive approximately \$635,000 over the five-year period of revenue sharing or approximately \$127,000 a year.

Under the State and Local Fiscal Assistance Act of 1972, establishing the general revenue sharing program, the Office of Revenue Sharing in the Department of the Treasury is authorized to return \$30.2 billion to the states and local governments over a five-year period.

Carver said that only around \$8,600 had actually been paid out by the city from the funds so far. The city has contracted to spend over \$50,000 though, he said, for hard surfacing of streets and has ordered a new fire truck for the city at a cost of \$29,978 to be delivered in April. A new police car purchased by the city at a cost of \$4,000 is scheduled for delivery next week.

A complete breakdown of the proposed expenditures shows \$6,000 for recreation, \$5,000 for the city library, \$10,000 for financial administration, \$28,000 for multi-purpose and general government, \$31,500 for health, \$32,500 for environmental conservation, \$33,978 for public safety, \$95,636 for hard surfacing streets, \$8,000 for repairs to city hall, and \$8,000 for repairs to Valena C. Jones Center. Total expenditures are estimated at \$258,614.

Carver said that the \$28,000 proposed for multi-purpose and general government included \$3,000 for parking facilities for the Valena C. Jones Center, \$17,000 for construction of a steel building at the center to house city equipment, and another \$8,000 for the purchase of a tractor for the street department.

\$32,500 earmarked for environmental conservation, he said, was for the purchase of a street sweeper.

The health budget includes \$6,500 for the purchase of a new chassis for one of the city's garbage trucks and \$25,000 for

sub surface drainage in the city.

Parks and playgrounds, he said, had received a \$5,000 grant already under the funds earmarked for recreation.

Piland Awarded NASA Medal

Robert O. Piland, director of the NASA Johnson Space Center's Earth Resources Laboratory, located at the Mississippi Test Facility, has been awarded the NASA Outstanding Leadership Medal.

He is the son of Mrs. Frank Edward Piland, 1817 McDaniel Street, Portsmouth, Virginia.

In ceremonies in Washington, D. C., Piland was cited by Dr. James C. Fletcher, NASA Administrator, "in recognition of his distinguished contributions to the establishment of NASA's Earth Resources Program, and for his outstanding direction of the Earth Resources Laboratory. His managerial skill, dedication and personal leadership have been significant factors in the development and application of remote sensing techniques to Earth Resources investigations."

The Earth Resources Laboratory is engaged in development of techniques and procedures for the application of spacecraft and aircraft data along with advanced data processing techniques to the solution of resource management problems.

Piland was graduated from Woodrow Wilson High School in Portsmouth and

Target Date For Opening Is June '74

More than 100 persons, including many civic and business leaders from Bay St. Louis and Waveland, gathered Monday on Waveland Ave. and Hwy. 90 to observe official ground breaking ceremonies for a new million-dollar shopping development which will be called "Our Shopping Center."

Waveland mayor pro tempore John Longo joined Delmar Wilcox, owner of Wilcox Electric and Appliance Co. in Waveland, and attorney Joseph Gex of Bay St. Louis, promoters of the million-dollar development in turning the first shovel of earth. Afterwards Longo presented a gold key to the two men in appreciation of their efforts in bringing to reality what he said had been a dream for more than three years.

Speaking to those present, Wilcox said that in its initial phase the center would contain 19 stores covering 92,000 square feet of space plus an additional 300,000 square feet for parking.

Wilcox announced that four major stores had already been signed for the center. National Food, TG&Y, Otasco and Shainberg's department stores, he said, had signed contracts for space in the center.

Introduced at the ceremony were Don Jeffcoat, district manager of TG&Y, and Paul Daniels, district manager of Shainberg's.

TG&Y has contracted for 30,000 square feet of space in the center, National Food for 19,340 square feet, Otasco for 12,000 square feet and Shainberg's for 7,400 square feet.

Wilcox said that the balance of the first 19 stores would consist of local merchants preferably.

"We certainly want this to be a community project," he said, "because it has been all along. We've had beautiful relationships here with people from Waveland, Bay St. Louis and all over the county."

Wilcox said that the name "Our Shopping Center" was decided upon because of the involvement of the whole community to get the stores they had and to put everything together. The 18-acre development, he said, will be the single largest shopping center between Gulfport, Miss. and New Orleans, La. Wilcox and Gex hope to eventually expand from the initial 19 stores to include another 40,000 square feet of store space.

Ray Anderson, Jr. Inc. of Gulfport is the contractor for the development. A completion date of June 1, 1974 has been set.

LAYING IT OUT in no uncertain terms, Dr. John Russell, above right, talks to a group of Coast youth about drugs. Russell, a leading authority on drug abuse who is being considered by President Richard Nixon for inclusion on the National Advisory Council for Drug Abuse, will be principal speaker at a public meeting in Bay St. Louis, Nov. 8, 7:30 p.m.

at Bay Jr. High auditorium. The meeting is sponsored by the Bay-Waveland Junior Auxiliary as part of a program toward total community involvement in drug abuse prevention. Letters have been sent to schools and all civic groups, urging attendance at this important meeting.

ROBERT O. PILAND

SHORTLES BY ADOREE

Dear Sam,
I'm happy to see that you got sidetracked in your peregrinations to Switzerland rather than to the hot spot of the Middle East.

And speaking of hot spots, the county supers really have one now at the Port and Harbor. What was once a rather soggy wasteland (is land ever a waste nowadays?) is rapidly blossoming into a rather neat industrial park with all kinds of potential. Within the next few months there'll be just about every kind of transportation facility needed for industrial occupation, as well as all kinds of land suitable for industrial sites.

EDA and the FAA have a sizeable investment in the property via several million in funding and if anyone really got down to balancing figures, I think they'd find that EDA actually owns the place.

There's been a tremendous amount of haggling over the whole thing to the point where it ought to be re-named the Pick-and-Hassle Commission. Instead of an industrial complex, I'm afraid its going to develop into the site of an historical battle-ground. Mississippi's full of them, you know and we ought to have one here anyway.

There have already been several casualties as the supers have been wiping out P&H directors at a rapid pace and companies have developed and folded faster than one can keep track.

The way the supers act, one gets the impression that they regard the site as a big white elephant and are now wishing they had never started it. There's a kind of "this thing is bigger than all of us" attitude that prevails whenever the subject is brought up. One or two members of the board look a little embarrassed, another one just looks befuddled and one is constantly vociferous in his opposition to anything and everything that is proposed in connection with the place.

The more astute of the members sagely says very little and it takes one a while to figure out his game. My mother always said "watch the quiet ones" and I've been watching him for better than two years. I think I just figured it out. He turns every negative situation or problem into an advantage. His advantage.

He professes great distress over the fussing and bickering, ducks disapprovingly over every dissonant statement by the voluble super and at the right times, when the press is listening, murmurs, "This is terrible. I just don't know what else to do to stop all this."

But what he says and what he does are two different things. And his public actions greatly belie his private machinations. The worst thing that could happen to him would be for the kook in the crowd to shut up and start agreeing with him and for the Port and Harbor affairs to be taken out of the hands of the county and be run smoothly...and lucratively.

It may come to pass.
The whole thing was summed up most succinctly by the 11-year-old son of friends of mine, who made what I regard as a profound observation. He was describing malfunctions among student council officers at his school and said, in exasperation, "The whole thing is a political mess!"
Wish I'd said that.

Port Brochure Wins Award

Mississippi won more awards than any other state participating in this year's Southern Industrial Development Council literature contest, as 229 entries from 16 southern states were judged.

Five publications entered by Mississippi Research and Development Center or jointly with other organizations were among top winners.

"Port Bienville Industrial Park Brochure" was selected Best of Class for its content, originality, and uniqueness of presentation. The publication, entered by the R & D Center jointly with Hancock County Port and Harbor Commission, is a compilation of information, maps, and photographs that would attract industrialists to locate in the industrial park at Port Bienville. The R & D Center provided research, writing, and design assistance in preparing the publication.

Entered by Mississippi Agricultural and Industrial Board jointly with the R & D Center, "Mississippi: Statistical Information on America's New Industrial Frontier" was also a Best of Class winner. Research, writing, analysis, and assistance in design were provided by the R & D Center for the A & I Board publication.

Merchants To Aid Poppy Sales

The business community of Pass Christian will aid members of Veterans of Foreign Wars Post No. 5831 in promoting the sale of V.F.W. Buddy Poppies this year, according to the chairman, Earl Holley and Norma Bonney.

Merchants will set an example for the public by purchasing a Buddy Poppy display card bearing a message urging the public to buy and wear a V.F.W. Buddy Poppy. The cards will be sold prior to Buddy Poppy Day and placed on display in the windows of cooperating business places.

The proceeds from the sale of the cards, as well as the sale of the Poppies, are used exclusively for aid to disabled and needy veterans and the widows and orphans of deceased veterans. Profits help to support a nation-wide system of veterans service offices, a home for children of deceased veterans and for direct assistance to needy veterans of this community.

TOKEN OF APPRECIATION for service rendered to the Port and Harbor Commission is presented to Dr. Michael Smith, left, by Dr. John Levens, commission president, at a farewell gathering Tuesday night in honor of Dr. Smith, whose resignation as director of the P&H became effective yesterday.

NASA Nears United Fund Goal

The NASA-Mississippi Test Facility is winding up its Combined Agencies Campaign this week with government and contractor employees near their goal of \$30,000 in gifts to the charities in the communities of their choice.

James W. Winchester, director, NOAA Data Buoy Office and this year's drive chairman said:

"So far we have over \$30,000 pledged or donated to the United Funds of Harrison, Hancock and Pearl River Counties in Mississippi, the Greater New Orleans Area in Louisiana, the National Health Agencies and the International Welfare Agencies.

"Traditionally, the MTF team has been most generous in joining with its Gulf Coast neighbors to meet the needs of the many important and humanitarian charities represented.

"I am confident that we will reach, or be very close to the ambitious goal we set for this year's drive."

The CAC had an inspirational kickoff at MTF with Kathy Coole, Miss Mississippi, making her first official appearance since the Miss America Pageant in which she represented her state.

Nona Lewis of Picayune was elected as Miss MTF Torch and has assisted drive officials during the campaign. Nona represented NOAA's National Marine Fisheries Engineering Laboratory. Jackson M. Balch, director, NASA-MTF is general campaign chairman. Members of the executive committee are: James Askey, NOAA Data Buoy Office, special assistant to the Drive Chairman; Mrs. Bettie Cashion, Miss MTF Torch 1972-73 and drive secretary; W. S. Fuller, NASA-MTF, executive assistant; Dewey Little, NASA-MTF, special events; William Ezell, General Electric, financial assistant; Mack Herring, NASA-MTF, publicity; Waldo Deering, NASA-MTF, director; Federal Agencies Drive; Thomas Hardison, Global Associates, industrial assistant; and John McMahon, General Electric Company, industrial assistant.

Travel Broadens Tourists' Views On Food Prices

American tourists who traveled abroad this summer came home with a new appreciation for U.S. food prices.

Compared to what they paid for food in foreign countries, they're quick to admit that American food is still a bargain.

One tourist just back from a visit to Sweden reports his tab for five hamburgers, some French fries, and a soft drink added up to a whopping \$27 in American money.

Registration Still Required For 18-Yr. Olds

Young men must still register with Selective Service at the time of their 18th birthday even though there is no draft. Leo W. Seal, Jr., Chairman, Hancock County Local Board No. 24 announces. He urged those men who have not registered to do so promptly. "Failure to register is a violation of the law," Mr. Seal emphasized, "and could result in prosecution by the Department of Justice."

The President's authority to induct men into the service expired on July 1. The Administration does not plan to seek an extension of this authority, and the Defense Department is relying on volunteer enlistments to supply military manpower. Only induction authority over those not previously deferred expired on July 1, Seal stated. All other provisions of the Military Selective Service Act remain in force. The annual lottery will be held. Young men must continue to register and their local boards will classify them as to their availability for possible military service should Congress authorize the resumption of inductions in the event of a national emergency.

Seal said the law requires that all male persons, except certain nonimmigrant aliens, in the United States must register with Selective Service within the 60-day period commencing 30 days prior to their 18th birthday. He stressed that young men actually have three legal obligations: (1) they must register at age 18, (2) they must notify their local Selective Service boards when they change addresses, and (3) they must carry their draft

cards with them until their liability expires, which for most men today is at age 26. Selective Service is undergoing a major reorganization at this time, Seal explained, as the system reverts to a standby operation with no inductions taking place. Many local boards are being relocated or consolidated at a fewer number of administrative sites across the state. To eliminate the

need for young men to travel to these administrative sites, Seal said registrars and advisors to registrants have been appointed in most communities. With no inductions now planned, few problems should arise for the registrants which would require them to visit the administrative sites, Seal reported.

Hancock County is served from the Selective Service

System Area Office at Gulfport. It is located at Gulfport, in the Security Savings Building, 2301 14th Street, and is open from 8 a.m. to 5 p.m. Monday through Friday.

Volunteer Selective Service System registrars in Hancock County are Chester Lee Curvey, Waveland, James C. Thriftley, III, Bay St. Louis and Gibson Lee Carter, Bay St. Louis. Also, Mrs. Rebekah Kennedy, Pass Christian.

Insurance Execs Available As Speakers

"How the Insurance Industry Serves You" is the title of a presentation currently being made across Mississippi by members of the Mississippi Insurance Council Speakers Bureau.

This presentation is part of the Council's program to inform the public about Mississippi's property and casualty insurance business today and what it is doing to meet the ever changing needs for insurance service.

More than 50 speakers are available to make this presentation to civic clubs and other organizations in any part of the state. These speakers, all experienced insurance executives, will travel at their own expense to present this informative program.

According to Paul E. Edwards, Chairman of the Council, "Dozens of civic clubs have already heard this presentation and the acceptance has been most gratifying. This is a complex industry and it affects the lives of every Mississippian. We wish everyone could hear this story."

Edwards states that the Council will furnish a speaker to any club or group anywhere in the state. Two weeks notice is requested. Clubs requesting a speaker should furnish the exact time and location of the meeting and the person in charge of the program. Requests should be made in writing to the Mississippi Insurance Council, P. O. Box 78, Jackson, Mississippi 39205.

ADVISORY BOARD — Br. Albert Ledet, left and Br. Leon, faculty members of St. Stanislaus School, have been named to the advisory board of the Mississippi Archeological Assn. Br. Albert's inclusion on the board came at a recent annual Fall meeting of the association. Br. Leon is currently serving a three-year term on the same board.

STORK SHOWER

Mrs. Anthony Moran was honored with a stork shower Saturday night hosted by Mrs. James Favre, Mrs. Charles Ladner, Miss Jan Rutherford and Mrs. J.D. Rutherford III.

A pink and blue color scheme was used in the decorations. Gifts were presented from a decorated baby crib. The hostesses gifts to the honoree were a corsage of pink and white carnations interspersed with pink and blue ribbon and a baby stroller.

INFANT BAPTIZED

Jessica Leigh, infant daughter of Mr. and Mrs. Frank Ray Wheat Jr., was baptized Sunday at Our Lady of the Gulf Catholic Church with Rev. Michael Tracey, associate pastor officiating. Godparents were a paternal great-uncle and great-aunt, Charles Tartavouille and Mrs. Brenda Johnston.

Following the christening a family get-together was held at the home of the great-grandmother, Mrs. Stella Tartavouille.

Echoes

Miss Udell Favre has returned from a three-week visit with her brother and sister-in-law Mr. and Mrs. Jeffrey Favre and family in Deer Park, Texas.

Cadette Scout Troop Forms

Cadette Girl Scout Troop 129 held its first meeting last week, during which plans were made to attend the Juliette Low Bonfire on November 2 in Waveland.

Future activities for the new troop will include several camping weekends and a year end trip in addition to the regular meetings. All girls in the seventh, eighth, and ninth grade are invited to join. Those interested may contact the leader, Mrs. John F. Holmes, 800 Dunbar Ave., 467-3710.

Echoes

Mr. and Mrs. Herbert Cardin and Mr. and Mrs. E.J. Marengo returned Monday from a two-week Caribbean cruise.

Model Programs Bring New Meaning To Seniors' Lives

One of the fastest growing programs in Hancock County is the Area-wide Senior Citizens Model Project and the Retired Senior Volunteer Program (RSVP), both located in the Valena C. Jones Center.

In an area where 15 percent of our population is 60 years of age and older, Hurricane Camille brought about an awareness that a large percentage of these people were living below the poverty level, and because of their need our area was selected to be one of nine in the United States to receive a Federal grant, which requires local matching funds.

Mrs. Eve McDonald of Bay St. Louis was selected to administer the Senior Citizen program and Mrs. Lucille Feeney was named director of Nutrition. In addition to their many duties, the two ladies are also co-chairwomen for the 1973 Campaign of the Hancock County United Fund.

Both city and county officials have been exceedingly co-operative and generous toward the programs. The city of Bay St. Louis furnishes the building and utilities and the city of Waveland is providing regular funds for local projects. The county has contributed revenue sharing money for air conditioning and other supportive items.

All help received is greatly appreciated by the senior citizens, as the program has brightened and improved the

lives of so many persons who were lonely, neglected and isolated.

One of the more important highlights of the Senior Citizens program is the transportation supplied to so many who have long been homebound. Horatio Favre picks Senior Citizens up at the door of their homes in the special bus and transports them on errands, so that they can be absolutely independent. Once a week he drives patients to Gulfport for medical appointments.

Although a small paid staff administers the program, the Retired Senior Volunteer Program (RSVP), directed by Mrs. Millie Fisher, with its army of volunteer workers, is one of the project's most valuable assets. RSVP was brought to Hancock County by the United Fund, and this organization assumes the role of grantee. RSVP is so successful someone recently remarked "the volunteers are coming out of the woodwork". All the talents and skills which they thought nobody wanted are being brought back into the mainstream of life in our community. RSVP also provides transportation for its volunteer workers as well as recipients.

The Southern Mississippi Home Health and Rehabilitation Agency and the local Health Department supply nurses, nurses aides and equipment such as hospital beds and wheel chairs to seniors. Catholic Social

Services, another United Fund Agency, provides counseling and the local Welfare Department supplies food stamps and Old Age Assistance when needed. The Social Security Department is furnishing information on the S.S.I. Program. Books for the blind and an endless list of services and assistance are being provided.

Meals-on-wheels, the component handled by Mrs. Feeney, her staff and a large group of volunteers, supplies 45 homebound elderly persons with a hot meal, plus several packages of snacks five days a week.

The delicious food, prepared by Hancock General Hospital coupled with the cheerful visit by the volunteers bring so much joy to these elderly persons. Mrs. Feeney has served dinners for large groups of persons and noon-time dinners five days a week are in the planning stage. This means that nourishing meals will be served to large groups of elderly persons at a small price, thus eliminating the purchase and cooking of food at home. Of course, the senior citizens themselves, with a lifetime of experience in homemaking, will be right on hand to lend assistance.

The Area-wide Project is applying for a brand new Day Care Center for the elderly. If the program is approved it will not only be a local one, but it will be unique, in that it will serve as a model for all of Mississippi and the surrounding area. The entire budget of \$85,000 will be spent on the elderly citizens of Hancock County.

This service will provide a protected environment for the aged in need of this type of attention and companionship. It can prevent senility due to isolation, eliminate malnutrition by providing a proper diet, and will return persons from isolation to

productivity.

The insecurity and fear, brought on by loss of sight, the inability to walk alone or drive, no one who cares, no place to go and lack of companionship in their own age group are the most debilitating emotions to the elderly.

The aims of these programs are to provide dignity to our older Americans and to help them remain in their own homes, living independently rather than having to resort to care in a nursing home.

We cannot conclude without reminding the people of

Hancock County that our Senior Citizens just do not take from the community. They are valuable citizens, whose many productive years have been spent in giving to their community. They provide the depth, the history and the moral background of our area.

Happily the Senior Citizens work in the community giving assistance in the schools, churches and local organizations, and particularly they are involved in helping each other, visiting the sick and the lonely, making telephone calls, planning outings and just

being helpful.

Your donation to the United Fund is not only an excellent way to say thank you to our Seniors by sustaining these beneficial programs, but can also be an investment in your own future — as a Senior Citizen.

New Assistance Available From Social Security

WHO IS ELIGIBLE

According to Walter H. Hobbs, District Manager, Gulfport Social Security Office, individuals or couples whose income is below a "floor" established by the new Federal Supplemental Security Income (SSI) law may receive cash payments under the program. In addition to being financially needy, they must be age 65 or over or be blind or disabled.

Single persons cannot have income of over \$149 a month (some income is excluded) and still qualify for SSI. Couples are limited to a monthly income of \$214. The first \$30 per month of unearned income (that for which you are not now working) will not count toward the limitation. Neither will the first \$65 per month of earned income (gross wages or net from self-employment) as well as ½ of earnings over \$65.

SSI payments begin January 1974. This program, national in scope and administered by Social Security, will replace existing State programs of assistance to the aged, blind, and disabled. It's rules vary somewhat from existing programs. Thus, some who are eligible for state assistance may be eligible for SSI.

Those already receiving state old age pensions of aid to the blind or disabled do not need to contact Social Security. They will be automatically transferred to SSI January 1974 if they receive a state check in December.

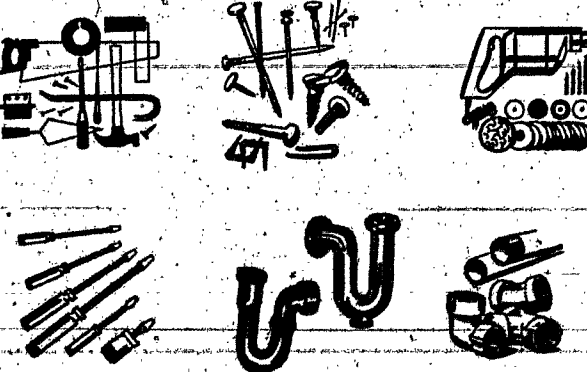

For more information call your social security office at WX-1323 or drop in to see us. We are located at 02015 Pass Road, Gulfport, MS.

There are also limitations on the value of property, assets or resources that can be owned. These are \$1,500 for a single person or \$2,250 for a couple. Some items, such as a home and household goods, will not count toward the allowable assets. Other items, such as a car or insurance policies may or may not count, depending upon their value.

Hancock County United Fund Report

The 1973 Campaign as of Oct. 24 shows a total of \$11,789.07 collected through the following divisions:

Commercial, Robert M. Sargent, \$4,112.00; Professional, John Scaffide, Jr., \$2,011.00; Banks and Homesteads, Nicholas Haas, \$1,123.20; Special Gifts, Mrs. Fred Wagner, \$995; Public Employees, Commissioner Lucien Kidd, \$273; Special Events - Style Show by the Corner Boutique, \$200.

In the communities the following has been collected: Bay St. Louis, Gus Uram, \$800.17; Waveland, Fred Fisher, \$1,102.16; Pearlington, Mrs. Irma Cuevas, \$200; East County, Supervisor Oscar Peterson, \$1,000; Bayside Park, Woman's Civic Association, \$82.54.

All other areas are working and no reports have been

turned in. The goal is \$30,000. Those wishing to mail donations may address them to: Hancock County United Fund, P.O. Box 142, Bay St. Louis, Mississippi, 39520.

Senior Citizens Happenings

A Halloween Parade of Crazy Hats topped off the Senior Citizen's Halloween Party Monday.

All the entries in the crazy hat contest were so well designed and unusual that the judges had a difficult time deciding on the winners.

First prize went to Mrs. Ruth Loyacano for her "Garden of Eden" creation. Second prize was won by Mr. Milton Inch with "Fruit Basket" and third prize was awarded to Mrs. Mattie Sams for "Bird Nest." Receiving honorable mentions were Mrs. Esther Cuevas, Mary Estapa, Lula Carter and Agnes Inch. Judges for the event were Mrs. Byrd Cassibry and Mrs. Pat Corneliuss of the Gulfport Area Wide Model Project office. Local businesses and other interested citizens donated the prizes.

Everyone enjoyed a Halloween luncheon featuring a tuna casserole prepared by head cook Mrs. Cora Coe and her assistants Mmes. Sarah Williams, Henrietta Edwards, Lucy Mae Chapman and Allie Mae Scott. Following the luncheon and hat contest Mrs. Cassibry led everyone in a Halloween songfest with Mr. E. C. Colling playing the piano.

Seniors in the Pearlington and Kiln areas recently celebrated this good fall weather with picnic. The Pearlington picnic featured

games and dancing to the music of Fip Johnson's band.

At the Kiln Seniors gathered at Rotten Bayou, thanks to arrangements made by County Supervisor James Travira. Supervisor and Mrs. Oscar Peterson came and brought snacks for everyone, and Supervisor H. (Bully) Zengarling provided the soft drinks. George Heitzmann couldn't come but sent a cake for dessert.

Mrs. Doris Glass is the new Senior Citizens Community Service Aide for the Kiln area, and she is planning lots of new activities for this fall.

Be sure to make plans now for Thanksgiving dinner. Dinners are scheduled for November 13, in Bay St. Louis; for November 14, in Pearlington; and November 15, at the Kiln. Any donations toward these special Thanksgiving dinners will be greatly appreciated—call the Senior Citizens Center at 467-8291.

Do you have a hobby like needlework, handicrafts, ceramics, art, woodwork or cooking? Join in the fun and competition by entering your **handiwork** in Waveland's First Annual Arts and Crafts Festival to be held November 15, 16 and 17. Competition is open to all residents of Hancock County and all entrants should register at Gerry's on Coleman Avenue in Waveland before November 15. This is something to look forward to. Par-

icipate and enjoy this event.

REMINDER: The Bay-Waveland Junior Auxiliary again brings the New Orleans Philharmonic Symphony to Bay St. Louis on November 20. Nowhere, including New Orleans, can you enjoy this event better than the Bay Junior High Auditorium. Tickets are still available from any Junior Auxiliary member and also from the Chamber office, Highway 90, Bay St. Louis. Get yours now to insure that you don't miss this opportunity.

Again, anyone who would be interested in adult education classes in Sales or Marketing, contact the Chamber of Commerce at 467-9048 immediately so organization can begin.

It's your choice.

All the information.

**You make
the choice.**

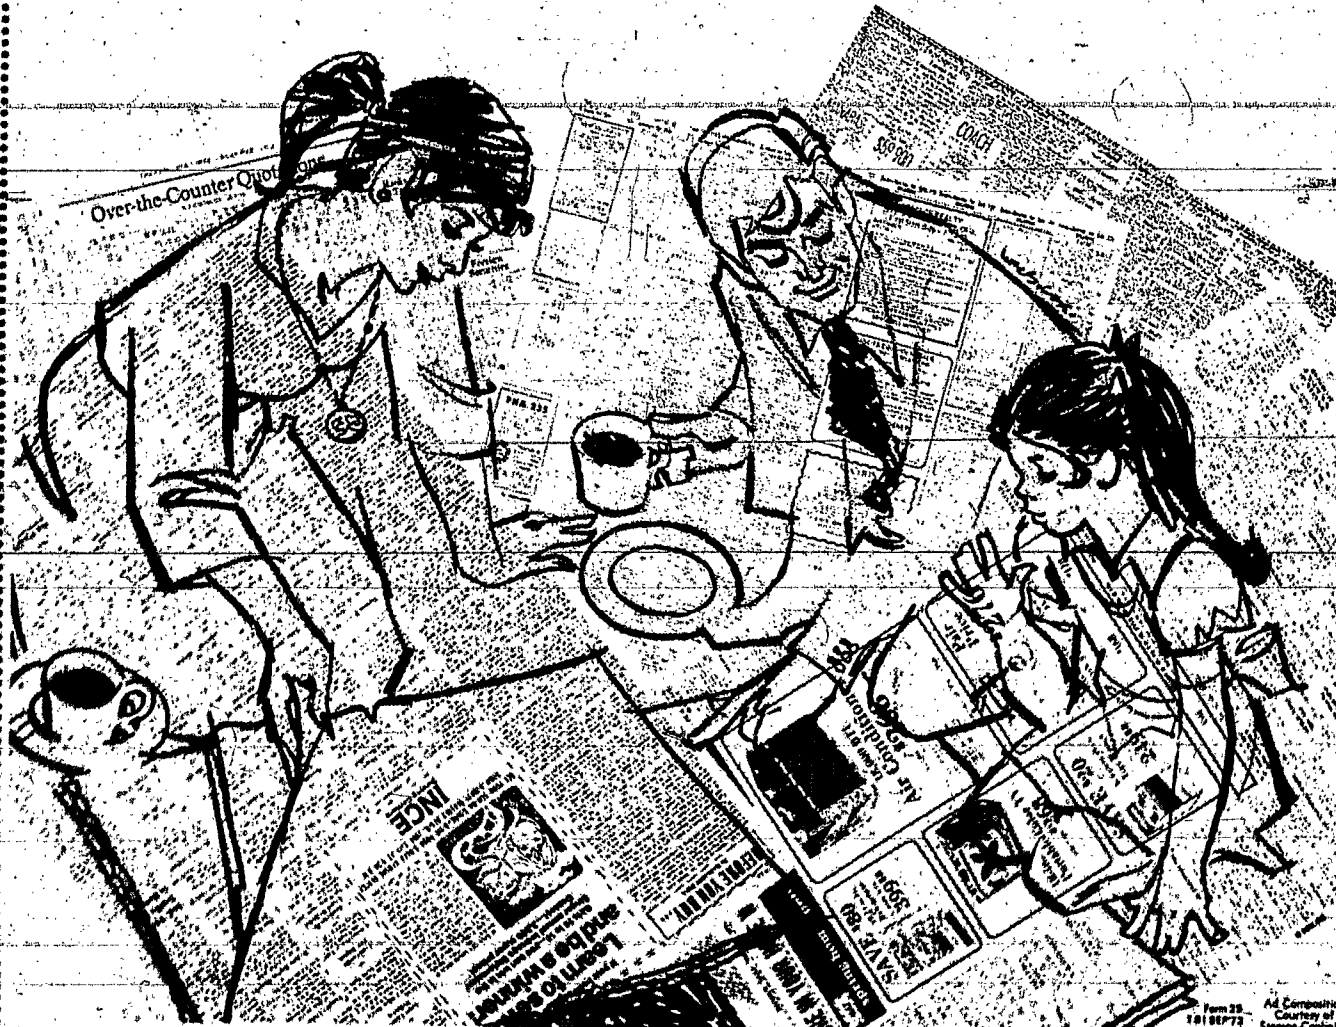

To make an intelligent decision—to make a free independent choice—you've got to have the facts...all the facts. That's where newspapers come in. Our job is to supply you with complete information on everything important happening in our community, our state, our world—even in outer space. The responsibility of newspapers is to present you with all the news, good and bad. News that isn't slanted one way or another by personal opinion. Unbiased, objective information you need to make a decision with. And that's exactly what you get on our news pages—facts without distortion.

Of course, you may want to know how others think and feel about a particular situation before making a choice. That's when our editorial pages got to work. Other people's personal opinions. Sometimes even your own, should you desire to express yourself by writing to your newspaper. And our editorials are clearly labeled as such—not as unbiased news facts.

Newspapers are loaded with information on almost every subject in the world. We can help you decide which dress to wear, what suit to buy, what stocks are worth what book to read, what movie to see, should we send me to MIT and who has the best football team. We never tell you what to choose—we merely provide you with information—facts and editorial opinions separately. Whatever you choose to do or think is up to you. But that's not all newspapers do for you. Newspapers render a valuable public service by providing you with advertisements appealing to you as a consumer. Ad tell you where the sales are, what quality is and where to get the most value for your money. Naturally, advertisers aren't unbiased—they all want your business and all claim to be the "best." But by comparing competitor's ads—by shopping intelligently and selectively—using a newspaper, you are provided with all the facts you need to make your choice.

Newspapers are our foundations. We are the pillars

For one thing, it is a relatively inexpensive program — especially when you consider what it would offer the people of this country. Then, too, it would be difficult to initiate at the local level, where it is most desperately needed.

Take George County Hospital in Lucedale, for example. Here is a fine, well-equipped, well-staffed hospital

and inadequate emergency medical services is a deadly threat." Testimony presented before the Committee on Interstate and Foreign Commerce confirms there is no greater cause of unnecessary death and disability in the United States today than that caused by the lack of proper emergency medical services.

I see no humor in the fact that literally millions of Americans are denied emergency medical attention — simply because none is available. Swift Congressional action and Presidential approval could remedy that situation once and for all.

L.A. Molony Final Rites

Funeral services were conducted in New Orleans Oct. 13 for Lawrence A. Molony, 72, prominent New Orleans attorney who died Oct. 11.

A New Orleans native, Mr. Molony was active in community, civic and social affairs in the city, and for some years maintained a summer home on Bayou Boisgore in Pass Christian Isles, where the family was also well known.

He was graduated from Loyola University and Georgetown University Law School and began his legal practice in 1923 with the firm of Baldwin, Haspel and Molony.

Specializing in corporate and labor law, he also served on the War Labor Board and the Wage Stabilization Board during World War II, and he was president of the Chamber of Commerce of the New Orleans Area, the Parkway Commission and International House during the 1950s and 1960s.

When he was International House president, the facility was completely renovated and he led the building committee for the new Chamber of Commerce building.

In 1957, he became president of New Orleans Cold Storage and Warehouse Co. Ltd., and later was named chairman of the board, a post he held until his death. He was also secretary of Douglas Public Service Corp. and Douglas Guardian Warehouse Corp.

Mr. Molony was a member of the New Orleans Country Club, the Blenville Club and the Rotary Club of New Orleans.

Survivors include his widow, the former Jeanne Marie Chalons; two sons, Lawrence J. and Roland D. Molony; and four grandchildren.

Funeral Mass For Mrs. Favre

The funeral mass for Mrs. Emily Jo Favre, 84, who died Oct. 19 in a multi-car traffic accident in Slidell, La., was held Oct. 22 at Our Lady of Lourdes Catholic Church in Pineville.

The Mass of the Resurrection was celebrated by six priests. Father Clement Kovacsik, S.T., was the main celebrant. Con-celebrants were: Father William Villar, Vidalia; Father Milton Reisch, S.J.; Father John T. O'Brien, Pass Christian; and Father Pierre Hissey, S.T., Kiln. Father Abram Dono, DeLisle, delivered the sermon. Father MacDonald of Pearllington was also in the sanctuary.

Thomas Bourdin was organist and Charles Lynch was lector.

Palbearers were Joe Benigno, Archie Smith, Larry Starita, John Ozene, Pat Ladner and Irvan Favre, Jr. Interment was in Rest Haven Cemetery.

Mrs. Favre was born Aug. 18, 1939 in Gulfport and was a life-long resident of the Pineville Community. She was a member of Our Lady of Lourdes Catholic Church, Pineville, a member of the Woodland Way Garden Club and had worked as a registered nurse at Hancock General Hospital and previously at Veterans Hospital in Gulfport.

Survivors include her husband, Thomas Wayne Favre; a son Robert Wayne Favre; two daughters, Debra Susan and Pamela Anesa, all of Long Beach; her parents, Mr. and Mrs. James E. Dubuisson, Pineville; two brothers, Clark Dubuisson, Pineville and Herb Dubuisson, Pass Christian; a sister, Mrs. Carolyn Torgeson, Tuscon, Ariz.; and her maternal grandmother, Mrs. Joe Clark of Houston, Tex.

FARE Surveillance Planned For Hiway 90

The Mississippi Highway Patrol announces "the following roads will be under the FARE project: 1-20 from the Louisiana-Mississippi line to the Mississippi-Alabama line; Highway 82 from the Louisiana-Mississippi line to the Mississippi-Alabama line; Highway 6 from the Mississippi-Alabama line to the Mississippi-Tennessee line; Highway 72 from the Mississippi-Tennessee line to the Mississippi-Alabama line; Highway 98 from Natchez to the Alabama line; and Highway 90 from the Alabama-Mississippi line to the Mississippi-Louisiana line.

A spokesman for the Patrol said, "The reason we are using these highways is that so far in 1973 there have been 45 accidents with 52 fatalities on these highways. The last multiple fatal accident took place on Highway 98 where 6 persons were killed on October 7th."

The Fatal Accident Reduction Enforcement Program so far has been a great success. Statewide fatalities reveal a 7 percent decrease, with an 8 percent

Dangers Of Drinking And Driving

The Mississippi Governor's Highway Safety Program found that alcohol was a factor in 52.7 percent of Mississippi's motor vehicle deaths in 1972, deaths in 1972.

The Alcohol Control Measures Division, in an effort to reduce alcohol related crashes, has a public information program designed to inform people about the dangers associated with alcoholic beverages while participating in the traffic world. Interested groups may contact the Governor's Highway Safety Program in Jackson for further information.

decrease on Mississippi Highway Patrol roads: From September 16th to October 15, 1973, as compared to 1970, 1971, and 1972, there was an average of 51 fatalities statewide. In 1973 for the same period, only 36 fatalities were reported. This shows a 29 percent decrease over the last three years. Barring any unusually high increases in fatal accidents, deaths for the year will fall below last year's total.

Two Cotton Crops A Year Being Sought

Growing two cotton crops a year instead of just one is the goal of research under way in Missouri.

Plant breeders already have developed some new short-season varieties that could be grown during the interval between normal crops, reports the National Cotton Council.

While further testing is required before the varieties are ready for release, scientists hope they'll be perfected within a year or two. The new varieties produce short, coarse fibers which could be used in disposable clothing.

Other scientists involved in the project are working on cultural practices and harvesting machines to handle the new type cotton.

Bishop Brunini To Dedicate School

Most Reverend Joseph B. Brunini, Bishop of the Catholic Diocese of Natchez-Jackson, will dedicate the facilities for Our Lady's Academy at 2 p.m. Sunday in the St. Joseph Academy gym, according to Mike Haas, general chairman.

The improvement program for Our Lady's Academy just completed consists of renovations to St. Joseph's Memorial Hall and a new addition consisting of three classrooms, one science lab, one home economics room and administrative space.

The school replaces former St. Joseph Academy which closed in 1967, and offers a Christian education to young ladies of the Bay St. Louis area from the seventh through 12th grades.

Our Lady's Academy also has co-institutional cooperation with St. Stanislaus school with joint use of the library, resource center, language lab, typing classes, music including band, and science. The \$125,000 improvement program for Our Lady's Academy was realized through pledges and donations from interested supporters of the school.

Revenue Sharing

(Continued from Page 1-A)

and another \$1,000 was appropriated for a little theatre project for school children.

Carver said that he felt the \$10,000 marked for financial administration was probably the most desperately needed item in the budget. This, he said, was the estimated cost of switching to a cost accounting system for city operation.

The mayor said that the planned use reports were a means of encouraging public participation in the city's decision making process. It is designed, he said, to report not only how the city plans to spend entitlement funds but also to show how the council 'could' have used the funds.

Original use plans could very well be changed, he said, as a result of public comments and participation.

Federal law also requires publication of all planned use and actual use reports covering revenue sharing funds.

Garbage Fee

(Continued from Page 1-A)

can't refuse to take his money because he won't pay the garbage fee and then turn off his utilities."

"You all are trying to put the monkey on me," Kidd said, laughing, "and I don't want the monkey."

Ladner said that he felt everyone was going to be dissatisfied for a while.

"I would like really to explore putting this garbage pickup in the hands of private business," he said. Ladner said that Pensacola, Fla. presently contracts their garbage pickups outside the city limits.

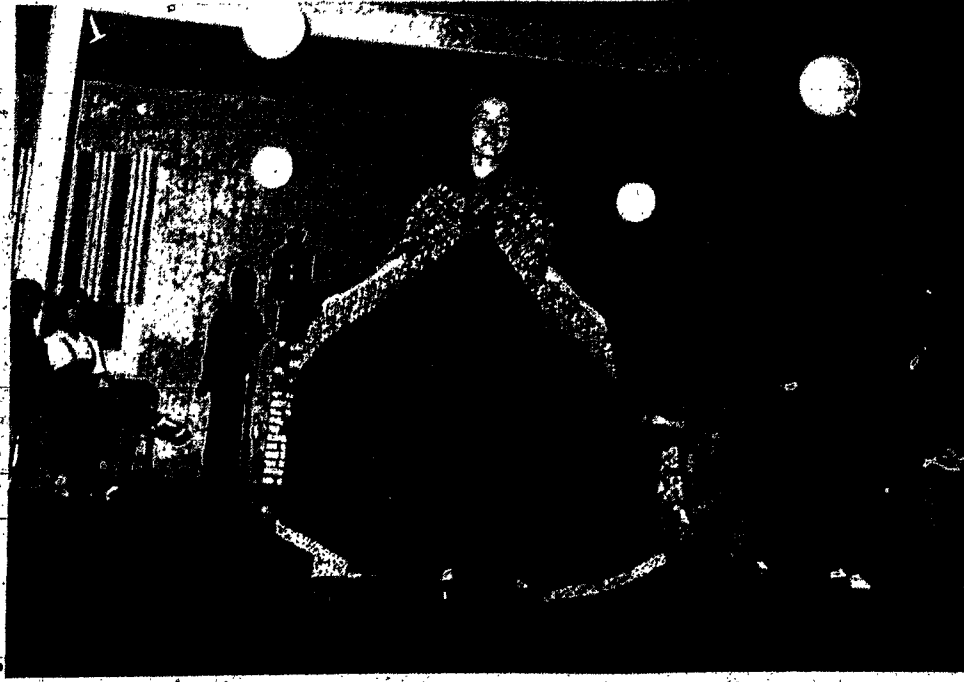

Mayor Carver said that he couldn't believe Kidd's figures that it would cost the utility commission \$2,602 just to set up an operation for collecting the garbage fee.

Kidd said that this figure included postage, extra time in the printing of the cards, and in posting payments. It will take a 25 percent increase in the time of the utility commission, he said, just to include the garbage collection in the utility system.

The mayor said that the city would absorb part of the cost of including the garbage fee in the utility system.

"How much?" Kidd asked.

The meeting was abruptly halted after it was agreed that no action could be taken until a more complete report could be received from the Burroughs corporation.

DuPont Confirms Interest In Gulf Area For Plant Site

The DuPont Company confirms a potential interest in locating a contemplated manufacturing plant in Harrison County, Mississippi. The Harrison County site is among several South Eastern and South Central areas DuPont has identified as desirable locations for a plant to manufacture titanium dioxide.

DuPont also acknowledged it is currently discussing such a possibility with Mississippi and Gulf area elected officials, Industrial Development officials in Hancock and Harrison County, and various other Mississippi agencies.

No decision on a location for this plant has been reached. Such a decision likely will involve numerous detailed studies over the next several months to confirm location suitability.

DuPont said it expects to construct such a plant by 1977.

Miss Flame

Chosen Tonight

Hancock County's Miss Flame for 1973-74, representing the Hancock Firemen's Association, will be named tonight at 8 p.m. at the Armory building as a highlight of the Hancock County Fair, George Cleary, contest chairman announced.

One of six finalists in the annual contest, jointly sponsored by the Firemen's Assn. and the Chamber of Commerce Fire Prevention Committee, will be chosen to wear the crown for the coming year and to appear at functions throughout the county to promote community-wide awareness of fire prevention methods.

Christmas Seal Campaign Starts Today

The 67th annual Christmas Seal campaign will open in Hancock County Thursday, November 1, with mailing of Christmas Seals to residents, according to Mrs. Elda Duke, chairman of the Hancock County Chapter of the Mississippi Lung Association.

Proceeds of the campaign, Mrs. Duke added, will be used by the Association to combat emphysema, tuberculosis, chronic bronchitis, asthma and other respiratory diseases during the coming year.

Mrs. Duke is asking citizens of Hancock County for their generous financial support in order that the programs can be continued and expanded in the coming year.

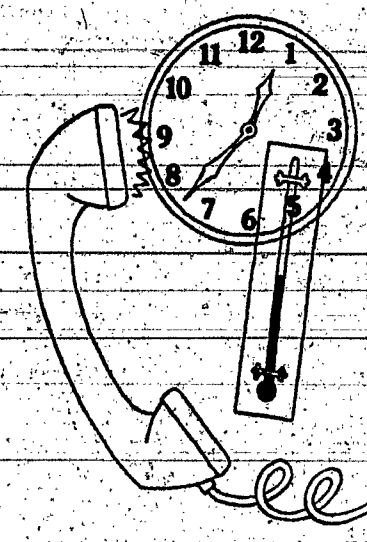

Last year in Mississippi, there were 457 new cases of tuberculosis discovered. Already through early October of 1973, there have been 376 new cases of tuberculosis reported. We must continue to expand our efforts to find hidden cases of tuberculosis in our community. Christmas Seal contributions are used throughout the year in programs of education, case-finding, treatment, patient services, rehabilitation, medical education and research," Mrs. Duke stated.

A portion of all contributions will be used for the support of the Christmas Seal Professor of Respiratory Disease at the University of Mississippi Medical School.

Evening Ceremony Unites Deborah York, Frederick Davis

New Hope Baptist Church, Gulfport, was the setting for the wedding at 7 p.m. October 19 of Miss Deborah Ann York, daughter of Gerald P. York, Gulfport, Miss., and Mrs. Annette Breshers, Pearlman, Miss., to Frederick G. Davis, son of Mr. and Mrs. O.M. Davis, Gulfport.

Rev. Jerry Estes performed the double ring ceremony before an altar decorated with arrangements of white gladioli and pink carnations flanked by candelabra.

Given in marriage by her father, the bride wore a floor length gown of embroidered lace over satin fashioned with tiny ruffles and satin ribbon on the old fashioned bodice and neckline. The full skirt drifted into a chapel length train. Her veil of illusion fell from a headpiece of pearls and lace and she carried an old fashioned bouquet of pink-rose buds surrounded by white carnations, baby's breath and ribbon.

Mrs. Carol Scarborough, organist, played traditional nuptial selections.

Miss Debra D. Hover, Slidell, La., attended the bride as maid of honor and Karen Foster was flower girl.

The maid of honor wore a long berry color velvet dress with matching headpiece of velvet and net.

Gene C. Davis, brother of the groom, Gulfport, was best man. Jeffrey York served as ring bearer and Rusty Smith, Gulfport, was usher.

The couple will make their home in Gulfport.

Out-of-town guests were Mr. and Mrs. David Jeffords, Waycross, Ga., grandparents of the bride; Ronald York, Grand Island, Neb.; Mr. and Mrs. Joe Sanders, Pensacola, Fla.; Miss Marilyn Coker, Mobile, Ala.; Mr. and Mrs. Willard Hover and Kevin and Mike McCann, all of Slidell, La.

Following the ceremony a reception was held in the home of the bride.

Arrangements of white gladioli and pink carnations decorated the reception rooms and punch table.

For traveling the bride wore a beige pantsuit with contrasting blouse in shades of orange, brown and beige and a corsage of yellow carnations.

The couple will make their home in Gulfport.

Out-of-town guests were Mr. and Mrs. David Jeffords, Waycross, Ga., grandparents of the bride; Ronald York, Grand Island, Neb.; Mr. and Mrs. Joe Sanders, Pensacola, Fla.; Miss Marilyn Coker, Mobile, Ala.; Mr. and Mrs. Willard Hover and Kevin and Mike McCann, all of Slidell, La.

MR. AND MRS. RICKY LYLE HASTY Wilson-Hasty Vows Solemnized

Miss Laura Kathleen Wilson, daughter of Mr. and Mrs. Gerald Ray Wilson, Rt. 3, Bay St. Louis, became the bride of Ricky Lyle Hasty, son of Mrs. Faye Thompson Hasty of Mobile, Ala., and the late Richard Hasty, October 14 in an afternoon ceremony at St. Peter's By-The-Sea Episcopal Church, Gulfport.

Rev. James F. Thompson, pastor of Tabernacle Methodist Church, Dothan, Alabama, officiated at the double ring ceremony.

"Our Song" was sung by Mrs. Clara Sparks, Enterprise, Ala., aunt of the bride, accompanied by the composer Keith Thompson, Dothan, Ala., and Carey College, cousin of the bridegroom. Prior to and during the ceremony Mr. and Mrs. Ronald L. Barnes rendered a selection of appropriate music.

The bride, given in marriage by her father, wore an antebellum gown of Chantilly lace. The fitted bodice was styled with a square scalloped neckline and long fitted sleeves. The tiered bouffant skirt swept to a full Cathedral length train. Her full length veil of illusion drifted from a Camelot style headpiece of corresponding lace petals outlined with pearls. She carried a Colonial nosegay of white rosebuds. The nosegay was attached to a small New Testament, 118 years old, originally belonging to the bride's great-great-grandmother, Eleanor Dowling Hanberry, who first gave the Testament to her son, John Chester Hanberry at the time of his enlistment in the

Civil War.

Attending the bride were her maids of honor, Miss Angela Avery, Purvis, Miss., and Miss Debbie Slayton, Gulfport. Sisters of the bridegroom, Miss Rheeta Hasty was bridesmaid and Mrs. Rhonda Thompson, both of Mobile, was matron of honor. They wore Empire gowns fashioned with puffed pink chiffon bodices and rouge velvet skirts. They carried old fashioned nosegays of pink carnations centered with pink rosebuds, baby's breath, lace and greenery.

Donna Lynn Graham, Hattiesburg, cousin of the bride, was flower girl. She wore a gown of pink silk organza.

Emmett Thompson, Montgomery, Ala., uncle of the bridegroom, served as best man. Groomsmen were Paul Thompson, Fort Walton Beach, Fla., Billy Sparks, Enterprise, Ala., uncles of the bridegroom and James Powell, Mobile, Ala. Gerald Ray Wilson Jr. and Michael Allen Davenport, cousin of the bride, Bay St. Louis, were

ushers.

Patrick Sparks, Enterprise, cousin of the bridegroom, served as ring bearer.

Following the ceremony a reception was held at West Side Community Center.

Mrs. Golda Wilson, Hattiesburg, paternal grandmother of the bride, and Mrs. Florence Thompson, Enterprise, maternal grandmother of the groom, presided at the register table.

Mr. and Mrs. Hasty will make their home in Fort Walton Beach, Florida.

Rolands Observe 60th Anniversary

Mr. and Mrs. James C. (Doc) Roland, Sr., celebrated their 60th wedding anniversary with a family get-together Sunday, October 28, at their home on North Second Street.

A retired pharmacist, Mr. Roland was born August 28, 1885, in Woodville, Miss. During his 50 year tenure in the drug store business in Bay St. Louis, he was associated with de Monduzin and Beach Drug Stores and was co-owner of Atlas Drug Store which was destroyed by fire in 1931.

Mrs. Roland, nee Ernestine Boardman, daughter of the late Captain William Board-

man and Rita Leonhard Boardman Breath, was born May 13, 1892, in Bay St. Louis. The couple was married October 28, 1913, at the Breath home on North Beach Boulevard.

They have a son, James C. Jr., who is married to the former Jennie di Benedetto; two grandchildren and two great-grandchildren, all residing in New Orleans.

Coming from out of town for the occasion were Mr. and Mrs. Roland Jr., their son-in-law and daughter, Mr. and Mrs. Louis A. Mollary Jr. and sons Matt and Michael.

Tigers Chalk 6-1 Record With Win

By Edward Favre

Bay High Tigers defeated the Picaune Maroon Tide 28-7 last Friday night at Tiger Stadium. This gives the Tigers a 6-1 record for the season.

The Tigers scored first on a 35-yard pass from quarterback Mike Magee to Allison Favre. The point after from placement by Sam Piazza was good.

Midway of the second period Irvin Hawkins returned a Picaune punt 68 yards for Bay High's second score of the game. The extra point by Piazza was good making the score 14-0.

With 12 seconds to go in the first half, Magee tossed an 11-yard pass to Arnold Fair-conette for the Tigers third TD of the first half. Once again Piazza made good on the extra point from placement giving the Tigers a 21-0 halftime lead.

In the third quarter the Maroon Tide got on the scoreboard on a two-yard run by George Knight, climaxing a 65-yard drive which took only five plays. The extra point from placement by Lee was good, making the score 21-7 at the end of the third period.

The Tigers final score came in the fourth period on a one-yard run by Randy Krankey. John McPhail intercepted a Picaune pass to set up the touchdown. Piazza converted from placement on the extra point making the final score: 28-7.

This week, the Tigers will host the Rebels of Notre Dame from Biloxi.

HNC Loses To Vancleve In Game

By Edward Favre

The Vancleve Bulldogs defeated the Hancock North Central Hawks last Friday night 40-14 in a Pascagoula River Conference football game.

Vancleave scored on the first play from scrimmage after the opening kickoff when Edward Battle took the ball and ran 68 yards for the touchdown. Reginald Harris made the extra point from placement.

Vancleave got three TD's in the second period. Willie Jackson scored on a two-yard run, Mike Thrash threw a 67-yard pass to Kenneth Fairley and the third touchdown came with 4:49 left in the period when Harris caught a Hawk fumble in mid air and raced 30 yards for the TD. Harris passed to Willie Jackson for a two-point conversion and added another from placement to give Vancleave a 28-0 lead.

Seconds before the end of the first half Hancock got on the scoreboard.

Bay Jr. Hi Defeats Pearl River

Bay Junior High 8th Graders defeated Pearl River Monday afternoon 34 to 8.

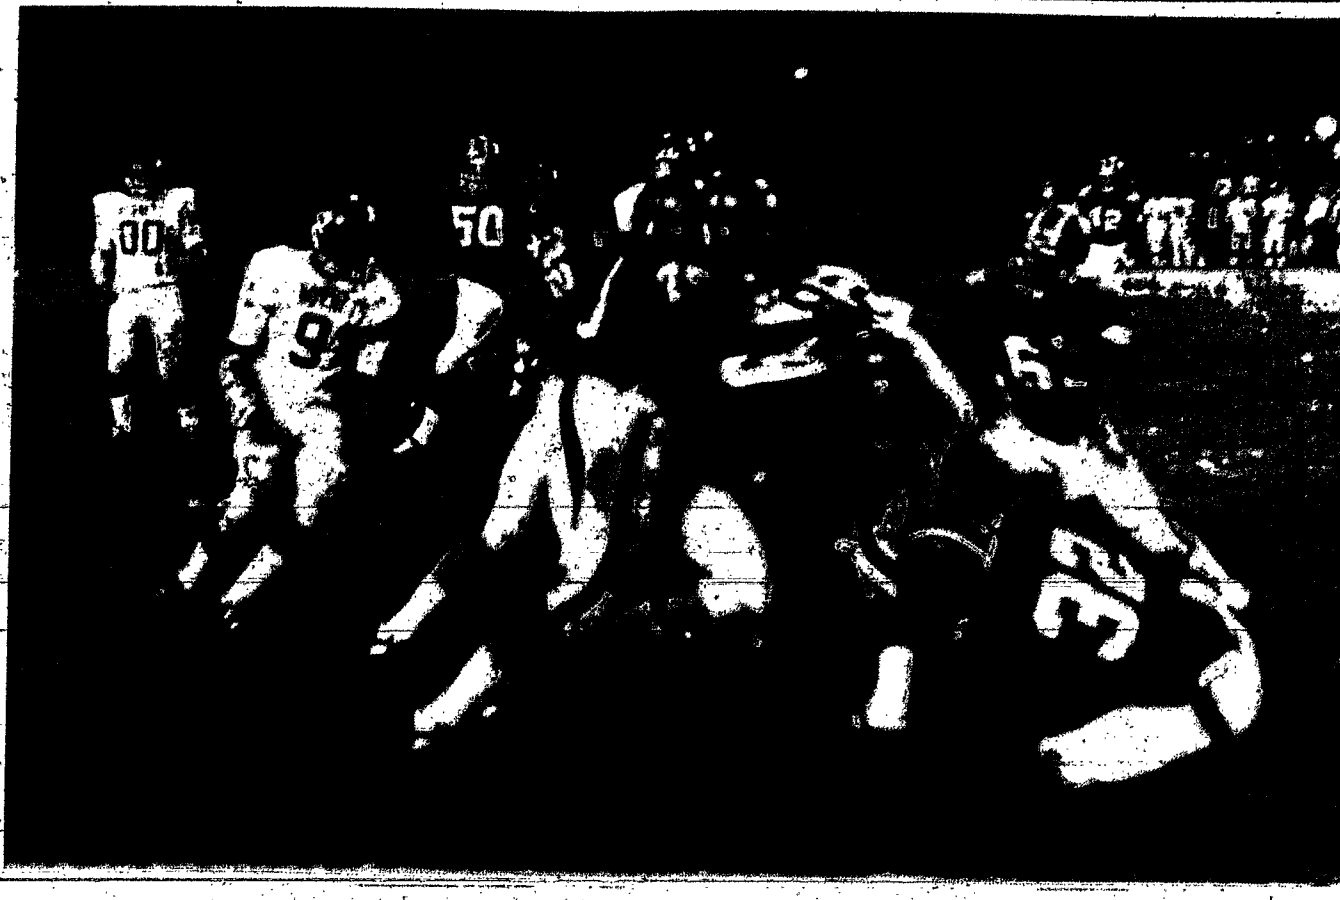

Sparked by the running of seventh grader James Coe, the Tigers scored early in the first quarter. Pearl River's only score came on a punt return early in the second quarter. Bay Junior High scored twice more in the second period on hand-offs from quarterback David Rhodes to James Coe.

A third period touchdown was run in by Roy Shubert from the ten yard line. The last score of the game came in the fourth quarter with a run by Sonny Felode.

STINGY DEFENSE — The Pass High Pirates used a stingy defense at crucial moments to up-end Pascagoula River Conference rival East Central in an 8-6 win Friday night.

PC Pirates Win 8-6 Victory Over East Central Hornets

by Ted Stechmann

The Pass Christian Pirates capped off an exciting week of Homecoming activities with an 8-6 gridiron victory over the East Central Hornets at McDonald Stadium Friday night.

Both teams entered the contest with identical 5-2 records and sharing second place in the Pascagoula River Conference behind unbeaten Vancleave.

The Pirates victory gave them sole possession of second place, and kept alive their hopes for a conference championship.

Base High scored first on a sensational 55-yard touchdown pass from QB. Victory McDonald to split end Paul Joseph with 8:36 left in the second quarter.

The Pirates then decided to attempt a 2-point conversion. The decision to go for 2 and the subsequent successful scamper by Hilton Swanner turned out to be the deciding factor in the game. The horn sounded to end the first half with the Pirates holding an 8-0 lead.

After a scoreless third quarter, the Hornets mounted their only sustained drive of the game, climaxing by a 32-yard scoring pass from quarterback Kenneth Long to end Willie Holmes with 11:38 remaining on the clock. The Pirates defense stiffened, and a 2-point conversion attempt by Harold Coleman was smothered by the entire left side of the Pirates line.

Pass High's swarming defense completely shut off the Hornets on their next possession, took over the ball and ran out the clock to preserve the 8-6 victory.

The Pirates travel to Pascagoula Saturday night to challenge the OLV Eagles. Kickoff time is 7:30.

We keep hoping for colder weather. It should help both fishing and hunting. Speckle trout strike harder and are more plentiful when it is cold. Rabbits are better to eat after the first frost and the same thing applies to squirrels.

The season opens on this coming Saturday, Nov. 3. Quite a few have been seen in the woods hereabout. Squirrel and doves are two things us old fellows can still hunt. All you have to do is sit on a box and let them come to you. No walking, no climbing fences, etc.

Fishing improved over the weekend when a small cold front moved in. Seems like we repeat ourselves but speckles are still being caught out front in early morning hours at Bayou Caddy. They have not moved up the bayou or in the canals as yet or up Jourdan River.

Trotting will be the order of the day from now on. Red fish are being caught most everywhere, also flounders. Dead shrimp will get them. For speckles the Shad Rig or different kinds of plugs will catch them.

Dick and Lola Kolstad, Doris and Jack Seuzeneau went fishing last Sunday. They caught mostly ground mullets and some beautiful hard crabs as they put it. Went again the past weekend. All are ardent fishermen and love to go.

Talking about mullets, Son Nelson and Al Leddy murdered them one day last week out in front of Waveland, all big-roe mullets. They had more than four hampers full.

Bud Thomas wasn't seeing things when he saw two deer at Jackson Ridge last Thursday morning. Bud said it was a sight to see them head into the swamp back of the ridge.

Bill (Bama) Callahan is another of our ardent fishermen. Bill is a Greyhound bus driver who lives at the Kiln. He has a few days vacation and will spend them fishing in Artesian Lake north of the Kiln. His favorite baits are artificial worms. Good for catching those big junkers. Bill says he would rather fish than eat.

Roy Strong, Clarence Carrio, J.C. Strong, T-Lou Daucet and Farrell Morgan took a couple of days off and came over again to do some fishing. They visited Roy's mother Mrs. Amanda Strong who is 97 years old and the mother of 13 children.

As for fishing they caught 500 speckle trout while here. Come to Bay St. Louis when they want to catch fish, they all agreed.

Mrs. Estelle Hart with Mr. and Mrs. Harold Higgins from north Alabama visited Bill Callahan. They fished every day from daylight to dark and caught fish too.

Willie Carbonnet is taking his vacation this week so that he can hunt squirrels. Hope you find them, Bill.

Walter Crawley, a retired engineer, hunting with Buddy Haverly and a group from Waveland shot a 300 lb. bear in Colorado. The same group is going after elk on a later trip.

Believe it or not there were some skiers skiing up Jourdan and Pearl River over the past weekend. Don't they know when the season is over?

Did you know there is a minimum fine of \$100 for use of

confiscation.

To prove that speckle trout are being caught Raymond Heitzmann, C.J. Heitzmann and Bobbie Heitzmann got 150 out at Half Moon Saturday. The boys have been making some wonderful catches.

John S. Finch has been a fisherman all his life. Did most of his fishing up north cutting holes thru the ice. John now lives in Bay St. Louis and says it's much easier to fish our way and not too cold.

Was a pleasure talking to Hamilton (Snookum) Morel who celebrated his 80th birthday last week. He has been a fisherman, crabber and oyster fisherman for most of those years. Can tell some interesting fish stories.

Gilbert Lensmyer has a home in Waveland. He commutes from New Orleans each weekend. Enjoys coming over whether he goes fishing or not.

Some fisherman hooked and

landed an eleven and a half pound flounder on the highway bridge last week with the help of his friend who also hooked the fish with his pole. They walked to the end of the bridge where they dragged it ashore. Too big to reel up on the bridge.

John Lang comes over quite often to fish and catch crabs. This last was a surprise visit so he didn't fish or crab. Be back soon, he said.

There will be plenty

shooting in the woods this next weekend. The squirrel season opens and according to those who travel the woods there should be plenty bushy tails to kill.

Returning from a summertime fishing trip, it is sound practice to inspect one's body for ticks. Ticks spread various diseases including Rocky Mountain spotted fever. They can be removed by touching them with a hot match on which the flame has just been extinguished.

SSC Defeats Notre Dame

By Edward Favre
In a Gulf Coast Conference football game originally scheduled to be played in Biloxi, the St. Stanislaus Rock-A-Chows defeated the Notre Dame Rebels 24-13 at Stanislaus Stadium. The game site was changed due to a conflict in schedules at Biloxi Stadium.

The Rebels got on the scoreboard first on a four-yard run by John Brauchio. It took the Rebels five plays to move the ball across the goal line with Bob Ladnier making the longest run of the drive, 34 yards. Ladnier kicked the extra point giving the Rebels a 7-0 first period lead.

Stanislaus came back in the second quarter to take an 8-7 lead. The TD came when quarterback David Wier handed off to John Ludlow who ran 74 yards. Monnie Elchos made good on the two-point conversion attempt.

The second Stanislaus score came on 90-yard punt return

by Dewey Hoda. Wier carried the ball in for the two-point conversion giving the Rock-A-Chows a 16-7 halftime lead.

Early in the fourth period, the Rocks were stopped on the Notre Dame 12-yard line. Later in the fourth quarter the Rebels scored when Louis Skrimetta picked up a blocked Stanislaus punt near the end zone and took it across for the TD. The extra point attempt from placement by Ladnier was no good.

John Ludlow took the ensuing kickoff and returned it 70 yards for the Rocks final touchdown of the game. A fake kick conversion and a run by Dewey Hoda was good, making the final score 24-13. Stanislaus, 4-4, will celebrate Homecoming this week and will host the Long Beach Bearcats at Stanislaus Stadium at 7:30 p.m.

Hillcrest Farmer's Market

Under New Management

Located at 2850 West Railroad in Gulfport, phone 864-6456, is the Hillcrest Farmer's Market (under new management), one of the most popular fresh fruit, vegetable, poultry and meat markets in the area. The owners, Edsel L. Shaw, Albert Johnson and Frank T. Malley, also do custom butchering and curing.

This fresh produce poultry and meat market is operated by the friendliest folks you'll ever do business with. They make it a point to handle only the best fresh fruits and vegetables they can get, meats of all kinds; the freshest possible from market to table.

You will enjoy their wide selection and fair prices. Many a housewife has saved her family money by canning and freezing these delicious foods when they are in season.

They purchase their products from local farmers and growers as they have confidence in the quality of food they raise.

Without hesitation, we, the copyists of this 1973 Review suggest this fruit and vegetable market to our readers. We know you'll like the way these fine people treat you.

C & D Auto Parts Company

Two locations to serve you in Gulfport at 1904 25th Avenue, phone 864-2935, and at Long Beach, 612 Klondyke Road, phone 863-6490. Here they feature the best in name brand auto and truck parts and accessories for both the buying public and garagemen of the area.

Through their policy of offering only high quality guaranteed products at both retail and wholesale, this prominent concern has established itself as one of the leaders in their field.

They employ enough helpful personnel that you will always be waited on in the shortest time and they are trained to know how to select the right part for your needs which saves costly time in returning incorrect merchandise.

The compilers of this 1973 Review are happy to commend these first rate parts houses for their honest efforts in the service to people of this area and suggest to our readers that they make the C & D Auto Parts Company headquarters for all auto and truck parts and accessories.

The management here has made it a point to hire people who can trust to give you friendly service and the

prices are very reasonable.

What would pizza be without your favorite domestic or imported beer. If you like, they also have many soft drinks.

For delicious pizza you'll return for again and again, the compilers of this 1973 Review heartily suggest Claude's Pizza. We compliment them for their fine food and friendly service.

John Gimma Mazda

These new 1974 Rotary engine Mazdas are on display at the John Gimma Mazda in Gulfport, 2104 25th Avenue, phone 863-4006.

These cars are universally recognized as among the greatest motor values of this age. This is not only the opinion of the casual buyer, but of the expert as well. For service and reasonable price, these cars continue to reign supreme.

Mazda has taken a position as the No. 1 import seller for the Gulfport area. This positive proof that the rotary engine is destined to be No. 1 in this area. GM, Ford and Chrysler are all designing rotary engines for their future cars obviously this simple machine with only 3 moving parts has a lower maintenance cost than the other car engines of today. It will pay you to visit John Gimma Mazda at 2104 25th

Avenue in Gulfport. The management is courteous and accommodating and will be pleased to show you the advantages of having one of the new Mazda models.

The authors of this 1973 Review are pleased to compliment the John Gimma Mazda for their conscientious efforts to serve the people of this area with quality products and service.

United Electric Constructors Inc.

John Carter—President

City and county ordinances affecting electric wiring of all buildings are definitely strenuous. The purpose, however, is evident. Many disastrous fires and accidents are the result of defective wiring. For these reasons, it is imperative that everyone needing electrical wiring, insist upon the services of a competent, licensed electrician, who is

qualified to do work. The United Electric Constructors, Inc., at Three Rivers Road in Gulfport, phone 832-3237 is a local firm of licensed electricians. Few persons in this line of work can boast of so many years of competent and skilled service to the businesses of this area. They have established an enviable reputation throughout the

entire field of electrical contracting and has proved itself worthy of the faith and patronage of our people. For all your electrical problems as well as power, commercial and industrial wiring, see this firm.

The writers of this 1973 Review recommend the United Electric Constructors to all our many readers.

Old 49 Wrecking Yard

Jerry L. Allen—Manager

With the price of auto parts as high as they are today, the average person cannot afford to keep his car in the best of repair, unless he is a wise owner and saves his money by selecting his parts from the Old 49 Wrecking Yard located on Old Hwy 49 in Gulfport, phone 863-6402.

These men are experts in their field and can help you select just the right part

to fit any particular project. They keep in stock a complete line of good used engines, and with their use you can save many dollars over having your present engine overhauled.

From generators to alternators to transmissions both standard and automatic this firm can supply you with practically any part you might need. They never sell

parts they know are worn out or damaged without first telling you the condition of what you buy.

We, the writers of this 1973 Review, suggest to our readers that they save their money by selecting good used parts from this reliable concern. Remember the name, the Old 49 Wrecking Yard.

Rest Haven Memorial Park

Mary Gardner—Manager

Situated among beautiful surroundings, the Rest Haven Memorial Park on West 28th Avenue, in Gulfport, phone 864-9475, is regarded as a dedication in itself, to the beautification of the community. In this vicinity, when you make your selection here you have paid to the deceased your highest tribute.

To build a memorial park requires a large amount of capital and an aggressive organization to keep it up. This modern memorial park is one of permanent beauty that will endure throughout the ages. A special fund to insure this perpetual care is set aside from the sale of every lot.

Every precaution is taken to allow families to

conduct their services in conformity to their religious beliefs and family traditions. There are many advantages in choosing the family memorial estate before the time of need.

In making this 1973 Review, we, the planners, make particular mention of the beautiful Rest Haven Memorial Park.

Akin Mobile Homes, Inc.

Joe Ackerman—Manager

Tommy Powell—Sales Manager Of Economy Mobile Homes

There are millions of people living in mobile homes today because of the high price of real estate and rent. Then, too, they have discovered it is a very convenient, carefree and economical way of life with no land problems. A home of this type can often be purchased for less than the price of a new automobile and paid for in convenient monthly payments over a long period of time.

by a high class of people who are engaged in various occupations. A number are purchased each year for portable ranch homes and for retirement. Mr. Ackerman has been in the mobile home business for some time and offers only mobile homes that he can personally recommend that are well constructed and priced so the intending purchaser gets the very best for his money. They feature the very best names in mobile home living in two convenient locations. See Joe

Ackerman at Akin Mobile Homes Inc. located at 3725 A 25th Ave in Gulfport or see Tommy Powell at Economy Mobile Homes at 536 East Beach Boulevard at Paradise Point for all your mobile home needs.

The editing staff of this 1973 Review point with pride to this trustworthy dealer and suggest to our readers that you let Joe Ackerman or Tommy Powell explain the advantage of mobile home living.

Lambert's Limbs And Braces

Carl Seguin—Manager

Through the years, the people of this area have come to depend on the community minded efforts of Lambert's Limbs and Braces at 1120 Broad Avenue in Gulfport, phone 864-1645 for service in all areas of orthopedic and prosthetic appliances.

They employ only qualified personnel who have had much training and

practical experience in the science of properly making and fitting various aids to people who need them. You will find them always friendly and understanding and willing to help you no matter what special or individual attention you might need. This includes mastectomy bras at a price better than in most places.

The authors of this 1973 Review suggest that if you should have need for anything in the line of artificial limbs, braces, trusses, wheel chairs, or walking aids, the Lambert's Limbs and Braces are the people to see. Their experience in this field will help guide you to a happier life.

Coastal Machinery Company, Inc.

Excellent service to all and a full line of parts is the byword of the Coastal Machinery Company, Inc. located at Hwy 49, P.O. Box 1587 in Gulfport, phone 864-9282.

They offer the best service in the way of a full line of parts for all JOHN DEERE implements and tractors. Parts are furnished

on a minute's notice so that there is no delay for people using the John Deere line. Their service department is one of the best in the area.

The name JOHN DEERE has been one that has been associated with all the great developments in agriculture for over 125 years. This firm handles the complete John Deere line and

has a most complete display. They invite farmers of the surrounding community to come in and look over all the latest in farm implements and tractors.

The narrators of this 1973 Review compliment the Coastal Machinery Company, Inc. on the fine service they render to this and surrounding communities.

Brown Supply Company, Inc.

The supply center in this area for all types of bearings is the Brown Supply Co., Inc. located 1 block south on Exit 49 Hwy of I-10 in Gulfport.

They also feature: Hydraulic hoses. Telephone 863-8263 to locate the bearings you need. You'll find the help courteous and attentive. This firm sells only the

finest quality bearings and hydraulic hoses. These bearings are manufactured under quality control with the steel made in electric furnaces that provides the exact control over the temperature, proportions and uniformity of the metal.

The bearings sold here are machined, hardened, ground and honed to a final

accuracy that measures within millionths of an inch of the desired size. The parts are demagnetized to prevent dust from gathering and shortening the life of the bearings.

This 1973 Review and its staff, recommends that you patronize the Brown Supply Co., Inc. for all your bearings and hydraulic hoses.

Barnacle Bill's

Ray Meadows And Bill Stephens—Owners

The name known in this area as the best marina to deal with is Barnacle Bill's on Hwy 49 at I-10 phone 864-8825 in Gulfport.

They are your authorized dealer for Crestliner, Manatee, Monark, Queen Craft and complete Bass rigs, boats and Evinrude motors, as well as a host of supplies, equipment and accessories, and offer some of

the best trailers on the market.

The men they employ are completely convergent in every way with all products they represent and will gladly assist or advise you in making the right choices.

Their repair department is second to none, with highly trained technicians thoroughly capable of handling any repair job large

or small and they will probably have the parts in stock to complete the job in the shortest time.

The Barnacle Bill's is one firm that the compilers of this 1973 Review would like to endorse as a reputable company with the highest business standards and suggest to our readers that they not fail to see them whenever boating needs arise.

Jay-Jay Chevrolet-Buick Company, Inc.

From the Chevrolet Division of GENERAL MOTORS and the Jay-Jay Chevrolet-Buick Co., Inc. located at 2120 15th Street in Gulfport, phone 864-7500, there stands the exciting invitation to see the 1974 Chevrolet who are,

Caprice and America's largest

selling car, the Impala. Chevrolet also builds all kinds of wagons. There are those that seat four, six, eight, nine, or twelve and even one that's equipped to SLEEP.

Also, there are a lot of modern which means drive.

Coupe, with a sunroof that will open up a whole new world. Then there is the LeSabre with the kind of ride and comfort Buick has made famous. Enjoy the precise handling of Buick's Accu-Drive, along with LeSabre's list of power equipment. And of course, last but not least, the '74 Electra.

The writers of this 1973 Review would like to see the Jay-Jay Chevrolet-Buick Company, Inc.

Christ Episcopal Bazaar Set Nov. 7

The women of Christ Episcopal Church are busy scurrying about to make this year's bazaar and dinner on November 7 bigger and better than ever.

Mrs. Marie Hart, who is in charge of the huge smorgasbord, which will be held from 5 to 8 p.m., has announced that food will be delicious and plentiful.

Mrs. Dixie Ogden and Mrs. Anne Ashman, overall chairmen, announced that the bazaar in the carriage house will be open at 10 a.m. and will stay open through the dinner

Four rooms will be used. One will be a "Sit 'n Sip" room for browsing and selecting books and cookbooks. The "Sweet Shop" will contain baked goods, candies, jellies and other goodies. The "Sewing Basket" room will have loads of new things made by the women and can be used as Christmas gifts. The "New to You" room will contain white elephants which may be old to the Episcopal Churchwomen, but will be new to the buyer.
